---

Our Counselors have experienced two bleak market downturns – both *personally affected* and dealing with people in job search stress – are here to lend assistance to you.

They are available to provide a supportive, empathetic ear especially to those recently unemployed – it's very hard to grapple with and getting advice from someone who has gone through it is immensely helpful and healthful. Along with having a guiding hand to move forward in job search.

Send them an email to arrange a time to talk.
